DEVELOP A START-UP PLAN THAT WILL HELP YOU NOT ONLY START BUT SUCCEED IN BUSINESS.

Our 8-week, award-winning program will:

- give you a specific roadmap for starting a business
- expose you to subject matter experts such as accountants, lawyers, marketing experts & more
- challenge you to define and be prepared for the best and worst
- help position you to fund your business
- help you develop the network of resources and peers a business owner needs

This course is offered at a subsidized rate of \$75 to allow individuals who meet low- to moderate-income guidelines to participate in an in-depth training program. We will offer sliding scale payments if you are not low- to moderate-income. Similar programs range from \$450 - \$700. To determine if you meet these guidelines, contact Judy (information above).

Funded in part through a cooperative agreement with the U.S. Small Business Administration. Programs are extended to the public on a non-discriminatory basis. Reasonable accommodations for persons with disabilities will be made if requested at least two weeks in advance.
